

The Ultimate Patient's Guide to **INVISALIGN**

THE CLEAR, NON-EMBARRASSING TEETH-STRAIGHTENING SOLUTION.

WHAT DO YOU LIKE ABOUT YOURSELF?

82% of American adults agree that the first thing they notice about others is not muscle size nor makeup—but their smile.

Give them a run for their buck and make it a good one!

Invisalign uses a series of 3D computer-generated transparent plastic aligners custom-made to gradually and gently mold your smile.

FOR WHO?

It's the perfect solution for people with **ALL TYPES OF TEETH**

OVERLY CROWDED TEETH

GAPPED OR CROOKED TEETH

UNDERBITES, OVERBITES, OR CROSSBITES

Which category is your smile in?

HOW DOES IT WORK?

- Aligners are changed every 2 weeks.
- Average treatment usually takes 1 year (18-36 aligners) with ideal patient cooperation.
- Invisalign must be worn at least 20 hours per day for optimal results.
- Average cost is around \$5000, same as traditional metal-braces.

VS.

INVISALIGN

TRADITIONAL BRACES

- | | |
|--------------------------------------|--------------------------------------|
| Removable | Permanent until orthodontist says so |
| Easy to clean | No popcorn, gum, candies, chips |
| Virtually invisible | Hiding your smile doesn't count |
| Eat whatever you want | Mouth-sores and bleeding |
| Go crazy in all your favorite sports | A nightmare to clean |

IT'S ALL DIGITAL, BABY!

Our iTero machine makes Invisalign that much better.

See what your smile will look like before you begin treatment.

Aligners fit and slide perfectly.

No more goopy-impressions.

3D Digital printing!
